

Protecting and enhancing Springbrook Nature Center

Become a Friend of Springbrook

The Springbrook Nature Center provides a valuable opportunity for youth to gain an appreciation of the natural world. For families in the Twin Cities, these opportunities are becoming increasingly unique. As a Friend of the Springbrook Nature Center Foundation 501(c)(3), your support will preserve Springbrook and help establish it as a premier environmental education center in the Twin Cities.

Your gifts to the Springbrook Nature Center Foundation will support a great list of accomplishments:

- Expanded educational programs that bring new appreciation for nature and the natural environment to over 20,000 visitors annually;
- New and improved visitor amenities to make the Nature Center accessible to older individuals and visitors with physical limitations.
- New cameras, videos, and other outdoor technology to help students connect with nature and wildlife.
-
- And, scholarships to extend summer camp and environmental education opportunities to disadvantaged youth.

Your support is needed. In 2008, gifts from friends like you will help provide valued programs and naturalist staff that reach out to our neighbors, schools and communities.

As a Friend of the Springbrook Nature Center, you are our most valuable resource. Please consider making a tax-deductible donation today.

Yes! I Want to be a Friend of the Springbrook Nature Center!
