Tank Installation Submittal Requirements

The following requirements have been established for the submittal of plans for the installation of fuel storage tanks.

Submittals not conforming to these requirements will be returned as incomplete.

Submittal documents required:

- 1) A completed permit application signed by a state licensed contractor.
- 2) A check made out to the City of Fridley.
(If paying by credit card, please call the office to make arrangements)
- 3) Provide manufactures specification sheet for tank(s) and all appliances.
- 4) Provide documentation of both individual and company MNPCA certification.
- 5) Provide 2 sets of plans that indicate the following:
 - A. Method of Storage
 - B. Class of liquid and quantities to be stored
 - C. Location of tank(s), piping and utilities
 - D. Distances from buildings, property lines and public ways
 - E. Location and layout of dispensing, pumping, loading and un-loading equipment
 - F. Emergency Controls
 - G. Portable Fire Extinguisher
 - H. Description of impact protection
 - I. Provisions for spill and secondary containment

Tank Installation Inspections required:

Aboveground:

- 1) Pressure test of tank and piping and an emergency shut-off test.

Underground:

- 1) Pre-Excavation of site
- 2) Pressure test of tank
- 3) Tank hold-down inspection
- 4) Piping pressure test. NFPA 30.5.6
- 5) A visual soap test of all joints, seams and connections
- 6) Provide documentation of all tank tightness tests. NFPA 30:4.4-4.4.3

Any questions, please contact the Fire Marshal at 763-572-3621.
