

## Print @ Home Passport Instructions

To make your Winterfest Passport Experience passport, follow these simple steps.

*Step 1:* Print double-sided. This will enable you to keep easy track of all the participating parks and the activities at each.

*Step 2:* Complete a simple quad fold (fold in half once, then in half again) with the 'City of Fridley' as the cover.

Once you have visited at least five parks, you can return your passport to either City Hall or Springbrook Nature Center to receive your prize pack by February 5.
